Productivity Elements	Le	Ed	Dc	Ds
Offsets Advanced Embolden logos, badges and other designs with distinctive, colorful automatic borders			$	$
Team Names Advanced Personalize team and corporate logos with names, quickly and efficiently			$	$
Auto Arrangements Create mirror images of any object and then position it anywhere you like				$
Kiosk Easily and quickly personalize consumer garments and merchandise, without the need to train staff to use complex digitizing systems	$	$	✓	✓

Creativity Elements	Le	Ed	Dc	Ds
NEW **Reef Photo Stitch** Convert incredibly complex images to a single-color run stitch that never crosses itself. It creates an interesting coral reef-like stitch pattern that concentrates in darker areas of the image for an artistic style			$	$
NEW **Maze Fill** Fill shapes with perfect, evenly spaced lines that never overlap in just a few clicks, saving many hours of digitizing work				$
NEW **Hand Stitch Effect** Create an organic hand-feel stitch effect, with randomized stitch spacing, angles and lengths. Apply it to any stitch type, including Satin, Tatami, Run, Backstitch and others			$	✓
Custom Splits Add carving, embossing and other dimensional effects to your embroidery				$
Photo Flash / Color PhotoStitch Convert black and white, grayscale and color images into multi-color artistic stitching			$	$
Shading & Open Fills Add depth and dimension to your embroidery with powerful shadows, shades and open fills				$
Curved Fills Create unique, flowing stitch patterns that add motion and dimension to any closed object				$
Motifs Create and reuse patterns for runs and fills				$
Motifs Advanced *(Requires Motifs Element - Standard)* Take creativity to the next level with gradient and variable size motifs				$
Spiral Fills Fill shapes with smooth spiral stitching effects				$
String Stitch (Paghadi) Visually stunning new stitch type for added creativity, and commonly used to sew down small mirror elements				$

Specialty Elements	Le	Ed	Dc	Ds
NEW **Beading** Create bead run or manual bead designs with your choice of bead shape, color, and size. Supports four stitching patterns (upright, flat, flat-left, flat-right)				$
Font Creator Create your own custom embroidery fonts				$
Single Sequins Create high impact embroidery files for single sequin machines			$	$
ENHANCED **Sequins Advanced** The complete sequin embroidery solution for twin and quad-sequin machines. Now includes stipple fill sequins, sandwich sequins, and flip sequins				$
Chenille (Aari) Stitch Add chenille embroidery capabilities to a lockstitch embroidery digitizing system				$
Schiffli Create and prepare lacework and emblems precisely and efficiently				$
